

Stick and Rudder

Constructing powered boats and aircraft in wood

Introducing the COOT.e pram dinghy

The COOT.e dinghy is

- Handmade - by an experienced wooden boat and aircraft builder
- Ultralight - 25kgs
- Made of timber - plywood/clinker,
- Flexible use - 2.5hp outboard
 - Sail
 - Row
- Robust construction - strong & durable, designed built in 1990
- Car top or trailer

A donation from each sale will be made to
Ronald McDonald House - accommodation for
families of children in hospital.

The COOT.e dinghy comes set up for rowing
and/ or use with an outboard.
